Mobile: 08146937843

Frontend Software Engineer with strong UI/UX design expertise and experience in building responsive, user-friendly web applications. Skilled in HTML, CSS, JavaScript, and Vue.js, with a track record of translating ideas into clean, functional interfaces. Adept at collaborating across teams to deliver engaging digital experiences.

TECHNICAL SKILLS

Web Technologies: HTML5, CSS3, JavaScript (ES6+)

Frameworks & Libraries: Vue.js

UI/UX Design: Figma, Wireframing, Prototyping, User Journey Mapping

Responsive Web Design & Version Control (Git/GitHub)

SOFT SKILLS

- Strong team collaboration and leadership abilities.
- Excellent communication and stakeholder engagement.
- Effective problem-solving and critical thinking skills.
- Detail-oriented with a focus on delivering quality applications.

PROFESSIONAL EXPERIENCE

Frontend Web Developer | The Mom's Hub

Aug 2025 - Present

- Built responsive websites and course landing pages using HTML, CSS, and JavaScript, improving mobile usability.
- Developed visually engaging hero sections and navigation menus to enhance user experience.
- Worked closely with stakeholders to translate brand vision into functional web designs.

UI/UX Designer | PeerPay Network

April 2025 - present

- Designed and developed responsive fintech landing pages, product pages, and dashboards, enhancing overall platform usability.
- Created wireframes, prototypes, and high-fidelity UI designs in Figma for both web and dashboard interfaces, ensuring smooth developer handoff.
- Collaborated with the development team to ensure accurate implementation of designs, improving design-to-development efficiency.
- Improved interface clarity and navigation flow, supporting better onboarding and user retention.

- Assisted in building responsive web pages using HTML, CSS, and JavaScript.
- Supported the implementation of interactive UI components to improve user engagement.
- Collaborated with senior developers to debug and optimize website performance.
- Learned and applied best practices for cross-browser compatibility and mobile responsiveness.
